

Mark Your Calendar March 5 & 6, 2009

Using the ACF Watershed for Tourism Development

Join us for the biggest RiverWay South Summit yet on beautiful 8,000-acre Lake Blackshear nestled in the middle of Georgia's Veteran's Memorial State Park near Americus, GA.

- Gather information and delve into outcomes from more than three years of dynamic sustainable growth across the Apalachicola, Chattahoochee and Flint watershed through exhibits, workshop sessions and interactive discussion.
- Explore options and find assistance to implement your own plans for specific community needs.
- Hear regional and national experts discuss innovative grant writing possibilities, cultural heritage tourism, river recreation, nature based tourism, preservation, navigation, and water resources.
- And... taste some of the South's finest cuisine at Lake Blackshear Resort as well as local ACF restaurants along the way.
- Bring family and friends and enjoy a variety of pre and post summit activities: golfing, hiking, fishing, dining and swimming at Lake Blackshear.

Go to www.lakeblackshearresort.com to see for yourself and reserve a room before the rush. Look for online Summit registration at www.riverwaysouth.org by October 2008.
